Repository Rule

All application code is shared under **code/** and **src/**. The **reports/hw01/** directory contains only Homework 1 evidence and report artifacts. Future homework extends the same application instead of copying it into a new homework folder.

Before Final Submission

Complete Parts 2-4, generate all 40 non-determinism runs, fill METRICS.md, add screenshots and five-turn token evidence, replace this draft with the finished report, rerun verification, and create the hw1 Git tag.
